What is OSAT

OSAT- ODM Scholarship Admission Test, is an entrance examination conducted by ODM for students seeking admission to Class XI. Top performers in OSAT are generally awarded with a scholarship, post an Academic Interview round.

SCIENCE STREAM	25 questions from each subject (physics, chemistry, math and biology) total 100 questions and all questions are compulsory. (120 Minutes)
COMMERCE STREAM	30 questions, MAT : 30 questions, Math : 15 questions and SST : 25 questions. Total 100 questions and all the questions are compulsory. (120 Minutes)

Syllabus: Class X- Board Curriculum & Related Applied Concepts

Dates: Will be announced in March, 2023

Admission Flow

** For students of Nursery, LKG & UKG there is no entrance test.*

NUCLEUS 40

What is Nucleus 40?

NUCLEUS 40 is a special batch of ODM where we select only 40 students each for JEE and NEET integrated preparation. The batch is curated to ensure that CBSE and entrance preparations are done for the students through an integrated curriculum. Major advantage of this batch is that students get 50% more time than other students to focus on self-study and practice. Please note that the top students selected in OSAT 2021 exam will be enrolled to this batch and a few meritorious students will get scholarships.

Selection Criteria

Students in Nucleus 40, will be selected based on the following criteria-

- Top Performance in OSAT 2023
- RMO or PRMO Qualifier
- ODM Student with stellar academic records

**If vacancy still exists, Direct Admission will be done, on the basis of percentage in AISSE.*

A student at ODM can obtain scholarship based on any one of the following criteria;

Top Performance in OSAT	A top-performing student in OSAT, will have the maximum chance for a scholarship.
RMO/PRMO Qualifier	Any child qualifying stage-1 of these olympiads will be entitled to a guaranteed scholarship.
97% above in Boards	Any student securing above 97% in Boards will be entitled to get a scholarship as per school norms.

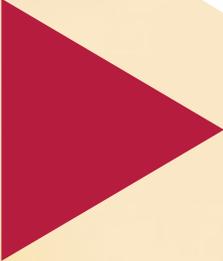

Scholarship Criteria

Scholarship is provided on a case to case basis. The percentage of scholarship, to be provided to any child, depends on the final decision of the scholarship committee.

A student has a better chance of getting a scholarship if he/she is opting for an early admission, as the total amount available in the scholarship fund is limited. Students opting for admissions after publication of board examination results will have limited scholarship options available to them.

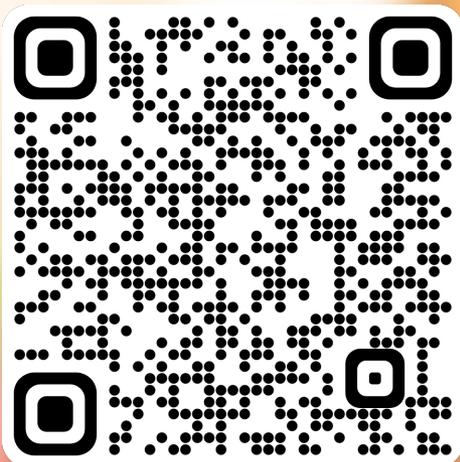

Eligibility Criteria:

The Admission process for Classes I to IX is based on a baseline test. Students are admitted into the School provided they qualify in this test. For admission in Class XI, students are required to appear for OSAT (ODM's Scholarship Admission Test) based on the results of which seats and scholarships are offered to students.

What is Scholars Batch?

ODM has formed a new special batch from Class VI to Class X to provide Integrated teaching program. Students will be provided with Foundation Course curriculum, which will be an enhanced curriculum, and would cover topics of CBSE along with preparing students with foundation concepts for Engineering or Medical. The students in this batch will enjoy all the benefits that a CBSE student enjoys including sports, activities, examination facilities but along with that, the students would also be preparing themselves on a foundation level for the competitive exams.
