## SCHOLARSHIP ACHIEVERS: OSAT PHASE III 2021

Dear Parent,

We are announcing to you the list of scholarship achievers of ODM. This news is being accompanied by one more good news as well!

Apart from the list of scholarship achievers mentioned here (which is very limited currently), the ODM Management has decided to provide scholarships based on the percentage of Board Exams as well. So we have more scholarship slots, post the declaration of Board results, awaiting the deserving candidates. So those who haven't qualified, should not worry as they have one more chance.

### How does this Scholarship work?

- We have shortlisted the following two students from Science for a scholarship from OSAT Phase III examination. No one from Commerce stream could qualify the cut-off for availing the scholarship.
- We don't have any hidden components. The scholarship is applicable on complete school fees (however books, notebooks, hostel accessories, school uniform, and transportation) are excluded.
- Nucleus 40 Batch- is our integrated program to prepare students for JEE and NEET. All the details regarding the same can be seen on our brochure or website.
- Scholarship Percentage has been decided on the basis of OSAT and the performance in the Interview Round. Students who haven't been eligible for scholarships can take direct admission in school.
- We have limited scholarship seats and the scholarship offer to these 2 students would be only valid till **30th May 2021**. Post this, we would consider that the student doesn't want to avail the scholarship and we would pass it on to the other deserving candidates in line.

Sl. No	Name	Approved Scholarship
1	Auroshish Pradhan	30%
2	Manish Panigrahi	30%

**Congratulations to the achievers!!**

**Team Admission**

**CHANGING YOUR TOMORROW**
